### WHAT WOULD YOU LIKE THE PROJECT TEAM TO KEEP IN MIND AS WE MOVE FORWARD WITH THE REWILD MISSION BAY RESTORATION PLAN?

- ① Please address mass transit access to the area.
- ② Need walking + biking paths in the area
- ③ CONSIDER AN ONSITE CARE TAKER
- ④ BIRDING TOURISM IS A REVENUE GENERATOR
- ⑤ KAYAK ACCESS / ENTRY POINT WOULD BE GOOD
- ⑥ THIS PROJECT SERVES ALL OF SANDIEGO, NOT JUST MISSION BAY AND PACIFIC BEACH
- ⑦ LOOK AT THE 1-5 YR AND 5+ YR COSTS FOR EACH PROPOSAL. MAINTENANCE, VEGETATION, ETC PHASED APPROACHES.
- ⑧ WETLANDS RESTORATION IS A GOOD THING.
- ⑨ ... AND WHERE WILL THE PARKING BE?

Please provide your name and e-mail address if you would like to receive project updates.

**WHAT WOULD YOU LIKE THE PROJECT TEAM TO KEEP IN MIND AS WE MOVE FORWARD WITH THE REWILD MISSION BAY RESTORATION PLAN?**

Portion of project should be dedicated  
to kayak, rowing, nonmotorized vehicles.

Other area ~~to~~ in project dedicated  
to launch boats (motorized).

**WHAT WOULD YOU LIKE THE PROJECT TEAM TO KEEP IN MIND AS WE MOVE FORWARD WITH THE REWILD MISSION BAY RESTORATION PLAN?**

Please take all of the hard scape  
and move it to the south shore.  
The SSA + the Rewild areas need to  
be restored, as much as possible, to  
its native habitat.

Please provide your name and e-mail address if you would like to receive project updates.

WHAT WOULD YOU LIKE THE PROJECT TEAM TO KEEP IN MIND AS WE MOVE FORWARD WITH THE REWILD MISSION BAY RESTORATION PLAN?

- 1- Could DeAnzo support Bird reserve & walking Trails (for walkers & Bikes, no cycles) - we need mixed use if possible
- 2- Is there a way to make the Tern Nesting areas on Fiesta available for viewing (not landing or walking) from the water - from a raft or kayak
- 3- I heard someone say a wine bar would be great - like a deck on part of DeAnzo or Camp head over looking the reserve - (over)

4 - If you can use  
volunteers - I am  
interested .

**WHAT WOULD YOU LIKE THE PROJECT TEAM TO KEEP IN MIND AS WE MOVE FORWARD WITH THE REWILD MISSION BAY RESTORATION PLAN?**

Open space, public parkland.  
No rip-rap, no hardened shore line  
De Anza point should be a couple  
of islands so tidal flows cleanse the  
cove.  
Protected Swimming areas  
No motor boats  
Lets restore the bay not repeat the  
mistakes of the past.

Please provide your name and e-mail address if you would like to receive project updates.

## WHAT WOULD YOU LIKE THE PROJECT TEAM TO KEEP IN MIND AS WE MOVE FORWARD WITH THE REWILD MISSION BAY RESTORATION PLAN?

I foresee resistance from those that would achieve monetary gain from municipal/commercial use of this area. I think that in order to implement a long-term revitalization that won't again come under scrutiny by the city, there should be a maximum effort both on the part of restorers & economic innovators. Can we charge a small admission fee for recreational use of restored areas? Can we engage public awareness by taking cosmopolitan revelry and transforming it into a natural & ecological experience? Can we improve cross-current exchange by excavating canals/channels across De Anza? Can we extend fingerlets of habitat inward and upward into adjoining neighborhoods while maximizing ecofiltration & minimizing exposure to pollutants? How can we make MAXIMUM effort appealing to the local economy in a way that draws peoples attention both to financial possibilities & the inherent wealth of a thriving neighborhood ecosystem that sustains itself and attracts biodiversity?

**WHAT WOULD YOU LIKE THE PROJECT TEAM TO KEEP IN MIND AS WE MOVE FORWARD WITH THE REWILD MISSION BAY RESTORATION PLAN?**

Keep in mind PEOPLE !! Families !!!  
Employees !! only beautiful place on  
Mission Bay to Camp is Campland. It  
has Renewal for City. The birds &  
Fish are already there & will  
remain no matter what. Campland is  
a safe, family Campground. The  
infrastructure is there & sound. Don't  
take this beautiful place away from  
the people of S.D. Please.

**WHAT WOULD YOU LIKE THE PROJECT TEAM TO KEEP IN MIND AS WE MOVE FORWARD WITH THE REWILD MISSION BAY RESTORATION PLAN?**

In favor of wetland restoration  
In favor of Mission Bay Gateway plan.  
Concerned about link with new Trolley station  
Also concerned about the link with Rose  
Creek north of Garnet and cleaning out  
the trees and non natives species that have  
grown up in the creek bed.

**WHAT WOULD YOU LIKE THE PROJECT TEAM TO KEEP IN MIND AS WE MOVE FORWARD WITH THE REWILD MISSION BAY RESTORATION PLAN?**

- ① Maximize restoration areas as hydrology of urban interface will allow (52+83)
- ② Restoration of natural area at our doorstep is better than parkland that the city can't afford to build or maintain.
- ③ Maximize pedestrian access (walkways)
- ④ provide educational signage

Please provide your name and e-mail address if you would like to receive project updates.

**WHAT WOULD YOU LIKE THE PROJECT TEAM TO KEEP IN MIND AS WE MOVE FORWARD WITH THE REWILD MISSION BAY RESTORATION PLAN?**

- Plan for a possible nature center, complete with a showcase of native animals and a garden of native plants.
- Create possible canoe channels and trails in reclaimed areas.
- Use existing buildings/parking lots to save money.

Please provide your name and e-mail address if you would like to receive project updates.

**WHAT WOULD YOU LIKE THE PROJECT TEAM TO KEEP IN MIND AS WE MOVE FORWARD WITH THE REWILD MISSION BAY RESTORATION PLAN?**

Regarding adjacent use, consider the tennis club. There are bright and tall lights. The club wants tall fences/pets for protection from golf balls and baseballs.

A remodel of the club is favorable in the long-term. But disruptive in the short-term. Members would ~~have~~ leave, as well as teaching pros and the vibrant youth academy. It would take a while to recover.

**WHAT WOULD YOU LIKE THE PROJECT TEAM TO KEEP IN MIND AS WE MOVE FORWARD WITH THE REWILD MISSION BAY RESTORATION PLAN?**

Look @<sup>A</sup> Saltmarsh habitat in the golf course.

FOCUS ON how wetlands can ~~be~~

keep water in Mission Bay clean

MAKE SURE THAT Restored wetlands ARE ACCESSIBLE FOR KAYAKING

Address circulation problem

in DE ANZA COVE by flowing CRESH WATER into the COVE

Please look @ Wetlands Restoration

in the Mission Bay GOLF course.

AND new integrated habitat

could connect to the planning area

Please provide your name and e-mail address if you would like to receive project updates.

If there is a large enough area, then  
some of it could be open for educational  
purposes (along the lines of the  
Everglades).

Please provide your name and e-mail address if you would like to receive project updates.

- Great plan! will enhance nature, the city, the bay ~~and~~ and property prices

- Improve the visual quality of the wetland marsh reserve. At the moment it looks very "fenced off". Perhaps set aside a small area where people can walk out on the marsh, so they get the feeling that they have been there and that "you can go out on the marsh".
